## IMPORTANT NOTICE TO ALL PEI TRAPPERS

As you are all aware of John Richard with Fur Harvesters - North Bay due to Covid 19 interprovincial restrictions was not able to do his pick up that was scheduled for early April. So I, Ross Bernard, will do the pick up for him again because at this point and time it's unsure when those restrictions will be lifted.

### P.E.I. FUR PICK UP SCHEDULE

Wade MacKinnon informed me that there will be a Conservation Officer at each pick up location to issue those that need export permits if you have not already obtained one from a conservation officer. The only reason I am doing this pick up again is to give the support to the fur industry on PEI so they don't have to be left with the expense of having to store their fur for up to possibly another year. I am not affiliated in anyway with fur harvesters, so if you need to talk to anyone regarding fur harvesters for whatever reason please contact John Richard who is the agent for PEI. But if anyone wants to talk to me about this pick up my cell number is 902-206-0218. Thanks again to Wade MacKinnon who did the work to make this complicated pick up possible making sure all the safety measures are covered when I meet John Richard at the bridge the next day at the confederation bridge the next day. John Richard told me that this fur will be in North Bay sometime in late May. I would also like to thank Garry Gregory for taking care of contacting the trappers in Kings and Queens county.
