

## SALE RESULTS – MAY 18<sup>th</sup> & 19<sup>th</sup>, 2011

### PRICES SHOWN IN US DOLLARS

Fur Harvesters Auction Inc.'s May 2011 sale produced favourable results on most species. Prices on some species were off slightly from March levels, typical of a later collection of goods. All international markets were actively represented at the sale.

Muskrat prices retained their strength, advancing a further 10% over March levels, with demand outstripping supply. FHA's stellar collection of lynx cats were sold firm to March levels, with top lot prices advancing. Otter, lynx and red fox maintained strong prices and high clearances. There was some price resistance on the 3X – 2X size beaver, and on the better grades of western coyotes.

FHA is appreciative of the continued support of its shippers, and of the international buying community. FHA's next sale will be held June 21, 2011 in North Bay, Canada.

Top lot of **lynx cats** was purchased by E.R. Fur Trading for **M. Liska** of Vienna, Austria.  
Top lot of **lynx** was purchased by George Michalopoulos for **Emfasi** of Kastoria, Greece.
