### **IMPORTANT UPDATE TO FHA'S MARCH 2023 AUCTION**

We are committed to hosting live auctions, but there continues to be strong interest from many buyers wishing to have the ability to participate online. An online pre-bidding process is being implemented into our auction prior to the start of the live auction in order to service a large number of buyers unable to physically attend.

Online pre-bids will be accepted prior to the March 20-22 auction. Online pre-bids can be placed in the same manner as in our previous online auctions, allowing a starting bid and a maximum bid if desired. Complete instructions will be provided to registered buyers. Those unable to attend in person and wishing to place pre-bids online have from March 17-18, 2023 to do so as the online platform will close at Midnight EST on March 18.

All goods will be on show from March 17-19, with the live auction commencing March 20. During the live auction in the event of a tie bid with an online maximum bid, the hammer will fall to the buyer in the auction room. The final price of each lot will be determined in the auction room.
