JUNE 07 SALE RESULTS

PRICES SHOWN IN CANADIAN DOLLARS

Fur Harvesters Auction Inc.'s June 15th, 2007 season end sale finished on a positive note. Prices were firm on most articles compared to May's levels. New levels were set on muskrat resulting in stronger clearances compared to February and May auctions. The world's ranch mink auctions continue, even now, to sell at strong rising levels and this is a positive sign going into next season. If the big consumer nations of Russia and China experience a traditional cold start to winter, beginning in November and following on into the New Year, price levels on many wild fur articles will likely see stronger prices as well. This has been the formula for quite some time now. We need a cold early winter across the top of the world to bring good news through strong prices.

From all of us here at Fur Harvesters Auction Inc., have a safe and pleasant summer and we look forward to seeing you again next season.
