

RANCH FOX SALE RESULTS – June 23, 2022

PRICES SHOWN IN US DOLLARS

Fur Harvesters Auction is pleased to report the following auction results from our June 23, 2022 online auction. Silver fox clearances remained high with 88% sold, top of \$74 and average of \$42.10. The collection consisted of a large percentage of size 0 and 1 skins and despite being very good quality the smaller size hurt the price average. Overall, grade for grade price comparison showed prices were firm to slightly easier when compared to FHA March levels. A small collection of Mutation fox saw strong demand with increasing prices. Clearances for ranch reds improved although prices levels remain poor.

This sale concludes our 2022 selling season. Going forward, we will enter 2023 with very little carryover which traditionally bodes well for demand in the upcoming season. The management and staff at Fur Harvesters Auction would like to thank you for trusting us to market your fox collection.
