

RANCH FOX SALE RESULTS – MARCH 22 - 24, 2024

PRICES SHOWN IN US DOLLARS

Ranch silver fox averaged \$55.64 USD. This was approximately a 16% decline from a year ago. Clearances were 66 %. Our results were similar to Saga’s auction held earlier this month and reflects the dismal season many of our buying customers had especially during the critical Christmas retail season here in North America.

In 2023 FHA took the difficult but necessary step to clear out our Ranch Red inventory that had been accumulating for several years. This year ranch reds advanced 13% with high clearances. Ranch cross fox, and most mutation varieties advanced over 2023 levels.

Our next auction will be held June 15-17, 2024.
